

PAS-W 50

Medium voltage overhead line covered with aluminum conductors

APPLICATION

Covered conductor with stranded and compacted aluminium conductor

CERTIFICATIONS AND DESIGN STANDARDS

EN 60228
EN 50397-1

Conductor standard
Covered conductors for overhead lines

DESIGN

Conductor material
Conductor surface
Material outer sheath

Aluminium
Bare
XLPE

MECHANICAL AND ELECTRICAL DATA

Product name	PAS-W 50
Number of cores	1
Nominal outer diameter [mm]	12.6
Cable weight [kg/km]	200
Min. final single bending radius [mm]	130
Min. bending radius during installation [mm]	180

Item name	EAN-code (GTIN)	Packaging type	Standard packaging quantity
PAS-W 50, 20 kV	4741532130716	Drum	2,000
