

DATA SHEET

Lightning protection installation pipe for wire plastic

Product code

316118

Technical description

RSO rigid PVC lightning protection tubes are designed to insulate the external LPS discharge conductors. They are UV-resistant for temperate climates. To properly connect the pipes to each other, it is necessary to use a connector, product code (316318).

Technical data

Material	Plastic, PI
Weight (1 unit)	0,33 kg
In accordance with the standard	EN-62305
Meets the requirements of the standard	EN 62561
Ean code	5903699802984
Customs code	83024190
Warranty	3 years

Due to continuous technological development, the company reserves the right to change the technical parameters of the products.
